

# Sunrise Hike & Rustic Breakfast

YOUR PRIVATE ITALY

When the first rays of the sun peek through the faint blue sky and darkness slowly turns into day, open your eyes and discover the most breath-taking panorama that embraces the entire Amalfi Coast and Gulf of Salerno. Today is a truly unique experience not to miss, as we hike up to our peak, 600 meters above sea-level, and sit to enjoy a first-class, home-made rustic breakfast cooked on the spot: breakfast omelettes, a variety of homemade pastries & cakes, crispy pancetta, fresh fruit, home-made jams, sausage, fresh squeezed juices, Neapolitan coffee are just some of the plethora of culinary surprises that we may decide to make for you this morning!

Take in the sight of dawn as long as you would like. After breakfast, our excursion continues with a small trek through the village of Scala, immersed in a panorama of chestnut & lemon groves, with the Mediterranean Sea as our back drop.

For those who'd like some more morning exercise, ask about our options for a post-breakfast hike through the Lattari Mountains or a leisure walk all the way down to Amalfi. Or how about a walk down to Ravello, one of the most romantic towns in Italy, having served historically as a destination for artists, musicians, and writers, including M. C. Escher and Virginia Woolf. Here you can join us for a guided tour, on request, of the historical center of Ravello and its Cathedral, as well as visits to Villa Rufolo, a property dating back to the Middle Ages, with its magnificent flowered gardens, and Villa Cimbrone, set high upon the cliff side with its sprawling terraces and famous coastal views.

Whatever your choice, this is a morning you'll never forget, and will want to repeat every day of your vacation.
